

AEM Backend Learning Schedule (6 Weeks)

This is a detailed day-by-day plan to learn AEM backend concepts. Each week includes topics, tasks, and clickable resource links. Use the progress tracker to mark completion.

Week 1: Foundations

- **Day 1–2:** Learn AEM architecture: OSGi, Sling, JCR basics
Resource: <https://experienceleague.adobe.com/docs/experience-manager.html>
Progress: []
- **Day 3–4:** Sling Resource Resolution & Request Processing
Resource: <https://sling.apache.org/documentation.html>
Progress: []
- **Day 5–6:** Authoring basics (pages, templates, components)
Resource: <https://experienceleague.adobe.com/docs/experience-manager-learn/sites.html>
Progress: []

Week 2: Sling Models & Servlets

- **Day 7–8:** Sling Models (@Model, @Inject, @PostConstruct)
Resource: <https://experienceleague.adobe.com/docs/experience-manager-core-components/sling/developing/sling-models.html>
Progress: []
- **Day 9–10:** Sling Servlets (path vs resourceType vs selectors)
Resource: <https://sling.apache.org/documentation/the-sling-engine/servlets.html>
Progress: []
- **Day 11–12:** Sling Model Exporters (JSON)
Resource: No link available
Progress: []

Week 3: OSGi & Configurations

- **Day 13–14:** OSGi Components & Services (@Component, @Reference)
Resource: <https://osgi.org/specification/>
Progress: []
- **Day 15–16:** Configurations via OSGi Console & CAConfig
Resource: No link available
Progress: []
- **Day 17–18:** Filters & Schedulers
Resource: No link available
Progress: []

Week 4: JCR, Queries & Indexing

- **Day 19–20:** JCR Node Types, properties
Resource: No link available
Progress: []
- **Day 21–22:** QueryBuilder API vs SQL2
Resource: <https://experienceleague.adobe.com/docs/experience-manager.html>
Progress: []

- **Day 23–24:** Oak Indexes & performance tuning
Resource: <https://jackrabbit.apache.org/oak/docs/query/indexing.html>
Progress: []

Week 5: Workflows & Security

- **Day 25–26:** Workflow Models & Launchers
Resource: No link available
Progress: []
- **Day 27–28:** Service Users & ACLs
Resource: No link available
Progress: []
- **Day 29–30:** Secure coding (CSRF, XSS)
Resource: No link available
Progress: []

Week 6: Advanced & Interview Prep

- **Day 31–32:** Dispatcher concepts (backend impact)
Resource: <https://experienceleague.adobe.com/docs/experience-manager-dispatcher.html>
Progress: []
- **Day 33–34:** AEM as a Cloud Service differences
Resource: <https://experienceleague.adobe.com/docs/experience-manager-cloud-service.html>
Progress: []
- **Day 35–36:** Headless (GraphQL, JSON Exporter)
Resource: <https://experienceleague.adobe.com/docs/experience-manager-learn/headless.html>
Progress: []
- **Day 37–38:** Troubleshooting & Logs
Resource: No link available
Progress: []
- **Day 39–42:** Interview Prep: Review all topics
Resource: No link available
Progress: []
